

**The 2016 Sextet: Six Blood-Moons in a Row**  
*At Passover and Tabernacles during 2014, 2015, and 2016*  
 Val Brinkerhoff

Blood-Moons #5 and #6 – in a row (from 2014, 2015 to 2016) – on the Hebrew calendar Holy Days of Passover and Tabernacles - are occurring this year - again. Few are aware of it. Wednesday March 9<sup>th</sup> of 2016 was **New Moon**. There was also a **total solar eclipse** in the South Pacific on this day. Using heavenly signs as markers, rather than modern incorrect calculation methods, we see that this past Wednesday, March 9<sup>th</sup> was **the Sacred New Year** (Nisan 1). And that means two weeks later at **full moon** is **Passover** – on Nisan 15 or March 23<sup>rd</sup> (not a full month later in April). This more accurate **Passover** (Passover in the first month, not the second month – Numbers 9) is also marked by a **blood-moon**, visible over much of North and South America, and two comets! The current “calculated” Hebrew calendar has **Passover** (2<sup>nd</sup> Passover, Num. 9) is a full month later (in April, with no heavenly marker). I believe this is incorrect. Note too, that six months later at **Tabernacles** we have another blood moon, making 2016 just like the blood-moons of 2014 and 2015. With six blood-moons in a row, on the Holy Days of Passover and Tabernacles again, we have **three** consecutive years of ominous heavenly signs – a **Sextet** – of blood-moons. This has apparently never happened before! Each of these **three** years also features a total solar eclipse or **Black Sun**, in-between them! They appear to be a “divine” sign (as the #3 is tied to anything “divine” is scripture – this number is also closely allied to Christ).

Why did we miss this additional blood-moon series in 2016? It is because most people are using a *modern, modified, incorrect* Hebrew calendar, **one that doesn't use moon phases any longer!** Without permission, modern man has changed one of God's “ordinances” – the Holy Days (see Ex. 12:14; Isa. 24:5 [3 Ne. 24:7]; Jer. 31:36; Mal. 3:7). Two key aspects in the early Biblical calendar was: (1) determination of the start day of each month via the sighting of the **New Moon**, and (2) determination of whether to add an extra **13th month** or **second Adar II**, to keep the seasons aligned with the months. This second determination is tied to the **ripeness** of the **barley**, verified at the end of the 12th month of Aviv. **If the barley is ripe in the 12<sup>th</sup> month of Aviv**, then the **following New Moon** becomes the “**New Moon of Aviv** – and **not the New Moon of Adar II** (a 13<sup>th</sup> added month). The **Barley was ripe** in Israel on the **New Moon** of March 9th. Others say it wasn't. Even if it wasn't, March 9<sup>th</sup> is marked by significant heavenly signs, and thus is most likely **Nisan 1**, the first day of the first month of the year, the Sacred New Year's day of the Priest. It is then followed by **Passover** 2 weeks later on **March 23rd**, which is aligned with a *full - Blood Moon lunar eclipse!* Some suggest that if the barley isn't ripe on the New Moon of the 12<sup>th</sup> month, then another month (**Adar II**) has to be added and the barley checked again at the end of this 13th month. The current, incorrect Hebrew calendar **is** using a 13<sup>th</sup> month, even though the Barley appears to have been ripe. Thus Passover, for them, is a full month later in their 13<sup>th</sup> month.

Since *the 11th century*, the Jews replaced *barley crop criteria* with a *calculated method* of the keeping the Lord's Feast and Holy Days. Modern calculation methods provide **convenience** and allow for advance scheduling of the Hebrew Feasts, but do not use the sighting of the **New Moon**. It is the female moon marker that is more important. It is my opinion that man's unauthorized changes have resulted in missing the **2016 Blood Moon Sextet**.

1 Nisan	30 days	our March-April	7 Tishri	30 days	our Sept-Oct
2 Ivar	29 days	our April-May	8 Cheshvan	29 or 30 days	our Oct-Nov
3 Sivan	30 days	our May-June	9 Kislev	30 or 29 days	our Nov-Dec
4 Tammuz	29 days	our June-July	10 Tevet	29 days	our Dec-Jan
5 Av	30 days	our July-Aug	11 Shevat	30 days	our Jan-Feb
6 Elul	29 days	our Aug-Sept	12 Adar I	30 days	our Feb-Mar
			<b>13 Adar II</b>	<b>30 days</b>	<b>our Feb-March</b>

In addition to a third consecutive year of the blood-moons, **2016** is also a **Jubilee Year of Restoration**, when covenant lands are restored to their rightful owners (covenant heirs – inheritance). The covenant people of Abraham, Isaac, Jacob, Joseph, and **Lehi** (righteous descendants of Joseph on this choice land - Native Americans [**Manasseh**] & righteous Gentiles [**Ephraim**]) will see events occurring that will eventually lead to the righteous, covenant heirs of God getting their country and land back (in time). The same thing will happen

for the covenant people of **Judah** in the other Promised Land to the east. Righteous heirs (of Lehi here, and Judah there), will at some future point, receive these lands as their inheritance. November 29<sup>th</sup> of 2016 is the chiastic center of the dates of four black suns surrounding the Holy Land. This is near election time for a new President in the U.S. Some say he will never take office.

Note also that there are two Comets appearing on Passover, both with a similar orbit, both near each other, and both coming from below us. In terms of their proximity to Earth, they are the 2<sup>nd</sup> or 3<sup>rd</sup> closest comets to Earth ever recorded (.023 AU or Astronomical Unit – Distance from the Earth to the Sun, or 93 million miles = 1 AU / 93 million miles times .023 = about 2 million miles away...though that doesn't sound close, keep in mind that that is in the top five for closest comets ever!). The Names of the two comets are:

P 2016 BA14 Panstarrs and 252 P Linear / See <http://www.godlikeproductions.com/forum1/message3112798/pg6>

**The 7 Holy Days this Year, 2016** – (and 2 New Year's Days, one of which is a regular Holy Day [the fall equinox])

*Sacred New Year of the Priest* / March 9 [Nisan 1] / **New Moon** and **Total Solar Eclipse** (also a *super moon*)

1. Pesach / **Passover**- Sunset 23 March 2016 – Sunset 24 March 2016 [**Blood Moon**] (2 comets also visible) / (1day)
2. Feast of **Unleavened Bread** - Sunset 24 March 2016 – Sunset 31 March 2016 / (7 days)
3. Feast of **First Fruits** (Resurrection) - Sunset 27 March 2016 – Sunset 28 March 2016 / (1 day)
4. Shavuot / **Pentecost**- Sunset 15 May 2016 – Sunset 16 May 2016 (1 day)

*Teshuvah* (40 Days of Repentance)- Sunset 4 August 2016 – Sunset 11 September 2016

5. *Civil New Year of the King* / Yom Teruah (Feast of **Trumpets**) - Sunset 2 September 2016 – Sunset 4 September 2016 [**Annular Solar Eclipse**] / (2 days)
6. Yom Kippur (**Day of Atonement**) - Sunset 11 September 2016 – Sunset 12 September 2016 (1 day)
7. Sukkot (Feast of **Tabernacles**) - Sunset 16 September 2016 – Sunset 23 September 2016 [**Blood Moon**] / (7 days)

*Below* - **November 29 of 2016** is the chiastic center of 4 Total Solar Eclipses that surround the Holy Land.

**Abraham's  
Covenant Land**

**Four Black Suns  
surround Israel**

1. August 11, 1999
2. March 29, 2006

*19-year Metonic Cycle*

3. August 2, 2027
4. March 20, 2034

Chiastic Center Point  
in Time  
Nov. 29, 2016

*Four black sun (or total solar eclipse) pathways surround the covenant, Promised Land of Israel. They occur over 34 years, on Aug. 11 - 1999, Mar. 29 - 2006, Aug. 2 - 2027 and Mar. 20 - 2034. Note the spacing of 7 years on either side of the 19-year Metonic moon cycle. The chiastic center point of all four black suns is Nov. 29th of 2016. God has drawn a border around Israel with the four black suns, pinpointing the end of 2016 as a culminating date. The New World Order will not be allowed to further divide the land God has decreed to Abraham and his posterity.*

4 Black Suns - destruction upon these nations

Isaiah 10:17, chapter 25, 63:1-4; D&C 133:46-52

Iran 75, million

Turkey, 75 million

Libya, 6 million

Ethiopia, 45 million

= 201 Million

Rev. 9:13-21; Ezek. 38:16

“And the number of the army of the horsemen were two hundred thousand thousand:...” (Rev. 9:16)

Photographs of the Nisan 1, 2016 Black Sun (Total Solar Eclipse in the South Pacific)

## Additional Information (4 things)

**#1:** The blood-moons occurring this year are “Penumbral” – meaning that are not fully eclipsed as in 2014 and 15, but they do fall on the Holy Days of Passover and Tabernacles.

**March 9** Total Solar Eclipse (visible in the Pacific)

**March 23** Penumbral Lunar Eclipse (visible in **North and South America** at moon set)

**Sept. 1** Annular Solar Eclipse (visible of southern Africa)

**Sept. 16** Penumbral Lunar Eclipse (nearly full) visible over the **Middle East**

**#2: Mar 23, 2016 / Blood-Moon (Passover)** / Modern Jews claim this is not Passover, but the same day – March 23<sup>rd</sup> – is a different Holy Day - the *Fast of Esther* (Adar 13 - A day of fasting like that of Queen Esther, in honor of her attempt to help deliver **the Jewish** people from death by the Persians [Iran today]). The Next day, **Mar 24** is *Purim* (Adar 14 – which commemorates the annulment of the decree against the Jewish people by ancient Persia (Late 6th century B.C.E.).

## **#3: 1<sup>st</sup> and 2<sup>nd</sup> Passover**

Scripture addresses a second Passover in Numbers 9 (in a second month of the year at full moon). It was for people who were unclean and could not participate in the first Passover. Though we are all unclean in one sense, I prefer to try to be clean and worship on the first Passover marked by the heavens, both the sun and the moon:

10 Speak unto the children of Israel, saying, If any man of you or of your posterity shall be unclean by reason of a dead body, or be in a journey afar off, yet he shall keep the passover unto the Lord.

11 The fourteenth day of the **second month** at even they shall keep it, and eat it with unleavened bread and bitter herbs” Num. 9:10-11). Note that in Isaiah 64:4-6, most all of us are polluted. [No heavenly markers.]

**#4:** In addition, according to Breaking Israel News, “Last Thursday, a Biblical commandment that hasn’t been seen in 2,000 years was fulfilled. In the Cardo neighborhood of the Old City of Jerusalem, two witnesses stood before the **Sanhedrin** and gave testimony that established the beginning of the **new month**. ‘This month shall be unto you the beginning of months; it shall be the first month of the year to you’ (Ex. 12:2). Setting the new month by witnesses is considered by **Rashi**, a prominent commentator on the Bible, to be the first mitzvah (Biblical commandment) the Nation of Israel received after leaving Egypt . . . On a technical level, the event was a step in the process of correcting the Hebrew calendar. By Biblical law, the new month for the Hebrew calendar was established by reliable witnesses appearing before the Sanhedrin. Hillel II, president of the Sanhedrin in the fourth century, established a written calendar based on astronomical calculations. This calendar, still in use, standardized the length of months and the addition of months in leap years over the course of a 19-year cycle, so that the lunar calendar realigns with the solar years. . . In the times of the Temple, the new month would be established by both calculation and by witnesses appearing before the Sanhedrin. When the Temple was destroyed and the Sanhedrin disbanded, the Hebrew calendar was figured solely according to the astrological calculations and the template established by Hillel II. . . ‘Though we have received witnesses in the past, this is the first time we have done so publicly, which is an essential part of the mitzvah,’ Professor Weiss explained. . . ‘The only thing lacking is for all of Israel to agree on one central authority for this,’ he continued. ‘This is just one of many mitzvot we neglect merely because we haven’t done them for so long. There is no other reason not to do this and raise Judaism.’ The Sanhedrin’s declaration of the new month was preceded by a ceremony **recreating** the Temple service.” See <http://www.breakingisraelnews.com/63610/sanhedrin-performs-rare-biblical-commandment-not-seen-2000-years-jewish-world/#oo8FZdQxktLI9ydL.99>
