

## Heavenly Markers on God's Two Covenant Lands

© 2015 / Val Brinkerhoff

All eight of the blood-moon Tetrads since the birth of Christ have been tied to covenant Israel. The unusual *black-sun* (a total solar eclipse) of March 20, 2015 preceded the third blood-moon of the 2014-15 Tetrad, doing so on *Passover*. This black sun was the chiasmic center of the 2015 *Sabbatical Year of Release*. It also marked Israel's "*Sacred New Year*," and occurred on both *the New Moon* and the *Spring Equinox* that year. These five combined traits, including its centrality within the four blood-moons of the last blood-moon Tetrad for some 500 years draws special attention to it. Isaiah's "*covenant of death*" (Isa. 18:17-19) appears to be tied to this ominous black sun, a covenant made anciently and again today.

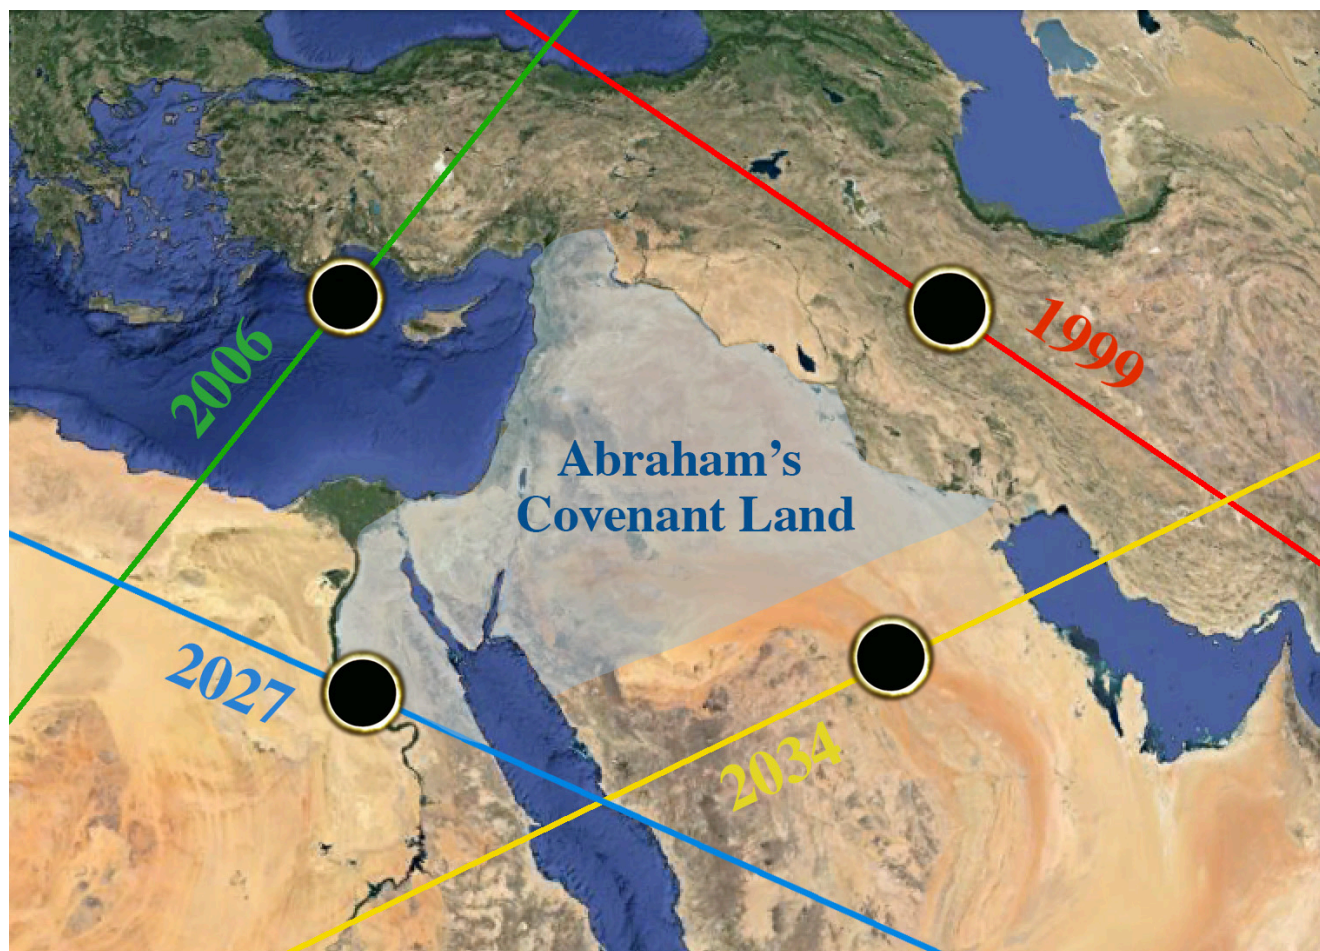

Scripture reveals only two covenant lands for the gathering of God's people, one in the east and one in the west, one for **Judah** (and Benjamin) in the Middle East, and one for **Joseph** (Manasseh and Ephraim) in America. Judah and Joseph are two primary covenant tribes. Judah is tied to *Kingship*, and Joseph to *Priesthood*. This is seen in the patriarchal blessings pronounced upon them their father Jacob (renamed "Israel" by God) in Genesis 49. The heavens mark these two lands in the last-days in connection with events tied to the Father's fulfillment of His eternal covenant. When those in the bloodline of these chosen tribes listen and obey there is peace, prosperity, and protection for them on both covenant lands. When they don't, there is judgment, typically seen in war, invasion, and captivity, their covenant lands lost, at least for a time, until they return to the Lord and repent.

### Covenant Land for Judah Enclosed by Four Eclipse Pathways

Four total solar eclipses ("black suns") from 1999 to 2034 enclose the land God gave Abraham and his posterity as an eternal inheritance (see illustration next page). Speaking to Abraham, the Lord stated, "To your descendants I have given this land, from the river of Egypt to the great river—the River Euphrates" (Genesis 15:18). Later, through the Prophet Joel, the Lord addressed the dividing up of these covenant lands in the last-days. The United Nations, including the United States has been part of "*land for peace*" negotiations, a dividing up of the land God decreed to Israel forever. He stated, "For behold, in those days and at that time, When I bring back the captives of Judah and Jerusalem, I will also gather all nations, And bring them down to the Valley of Jehoshaphat; And I will enter into *judgment* with them there On account of My people, My heritage Israel, Whom they have scattered among the nations; *They have also divided up My land*" (Joel 3:1-2, italics added). God will not allow this land to be continually divided up among the unworthy. The chiasmic center of the four black suns in 2016 may be tied to the date of God's judgment on those nations dividing up the covenant land of Israel, when all nations will be brought down into the Valley of Jehoshaphat to battle her.

It was at the United Nations building in New York City that Israel was declared an independent state and granted a homeland in **1947**, where the ancient covenant people of Judah could once again gather to their covenant land after 2000 years of dispersion throughout the world. Since then, this plan has continually been modified, infringing upon God's decree to Abraham and his posterity, His *Abrahamic Covenant*, that it would

remain theirs alone forever. Negotiators from various nations, including our own, have pushed for Israel to give up more of her covenant land in the interest of peace. It appears that in 2016-17, **70** years after the State of Israel was created, modern land deals for peace may reach an end, as God's protective hands will eventually come to Israel's aid in defeating those desperate to take her lands and eliminate her people (see Ezekiel 38-39 and Psalm 83). It is at this special point in time, at the end of 2016 and the start of 2017, at the civil New Year on Rosh Hashanah (the fall equinox), that Daniel's **70th week of years** may begin, perhaps the start of **7** years of great "*tribulation*" continuing through 2024. Both of these years (2017 and 2024), some **7** years apart, also feature total solar eclipses of note, the later one a unique bulls-eye over the covenant land of America in the west.

*Four black sun (or total solar eclipse) pathways occur on Aug. 11 - 1999, Mar. 29 - 2006, Aug. 2 - 2027 and Mar. 20 - 2034. Note the spacing of 7 years on either side of the 19-year Metonic moon cycle. The chiastic center point of all four black suns is Nov. 29th of 2016. The height of the Great Pyramid is 5776 inches, equivalent to the Hebrew Year 5776 or 2016 AD. God has drawn a border around His people Judah and their promised covenant land with the four black suns, pinpointing 2016 as a culminating date. The New World Order will not be allowed to further divide the land God has decreed to Abraham and his posterity.*

### **Modern-day Renewal of Isaiah's Covenant with Death**

Isaiah spoke of a "*covenant of death*" in chapter 18:17-19. It originally was tied to *self-deception*. Isaiah points out that both ancient and modern Israel *deceive* themselves through pride and self-righteousness in thinking that judgment will not come upon them because they are God's people. Ancient Israel believed God would protect them because of favored status. This *lie* was their "*covenant with death*" (Isaiah 18:17-19). The rapid decent of our country into corruption, idolatry, and moral depravity is the modern version of this same covenant with death. The Supreme Court decision of June 26, 2015 redefining "marriage" forced all fifty states to marry same-sex couples. It is the latest and most serious example of why judgment is coming upon our covenant land. All is

not well. Judgment is coming. Our corrupt leaders have made a *covenant with death* in connection with the *abomination* leading to *desolation*, another definition for *death*.

#### *Obama's Deal with the King of Persia*

In the Bible, evil Haman made a covenant with the king of Persia (Iran) that was to result in **the death of all Jews** in his region. This covenant was made on *the 13th day of the first month of Nissan* (Jewish calendar, our April 2nd in 2015). Esther 3:12 states: "Then the king's scribes were called on the 13th day of the first month (Nissan) and a decree was written according to all that Haman commanded." The deal gave the Persian people freedom to annihilate Jews throughout their land. President Obama and the king of Persia (Iran) made a similar deal on this same day - **Nisan 13** - in 2015 (our April 2). This deal allows Iran (Persia) to build nuclear facilities, which will lead to nuclear weapons capable of annihilating all Jews in Israel. Days later on **April 13**, Russian President Vladimir Putin signed a deal with Iran to deliver the Russian S-300 anti-aircraft missile system sometime later in 2015. This will make an attack on Iran's nuclear capability practically impossible, even with US stealth technology. Some believe this deal may motivate Israel to strike Iran and Isis (in Damascus) first, starting World War III (2 Ne. 25:7). Fortunately, Esther served as a female deliverer for Israel anciently. She and her people fasted and prayed for three days to avert this evil. Their *deliverance* by God is now celebrated annually as the modern Holy Day *Purim*.

Pres. Obama's modern nuclear deal with Iran (ancient Persia), a terrorist nation centered on destroying Israel, may be tied to the black sun of March 20th preceding it, as well as the later blood-moon of April 4th which followed the signing of this modern "*covenant of death*." The ominous, blood-moon followed the negotiations two days later. Pres. Obama bragged about them on his *Passover-eve* visit to Utah. His actions have been and continue to be distinctly pro-Islamic.<sup>1</sup> He has turned his back on Israel, some associating him with "Haman" in Esther's story. Others tie him to the powerful Pharaoh of ancient Egypt at the time of Isaiah. He was a *non-native black* Pharaoh that began oppressing the Israelites. God states that any nation oppressing Israel will be judged by Him (see Isa. 60:12, 10:5-12; Psalm 110:5-6). Note the following *five* connections to *blood* in connection with the *Passover* blood-moon of April 4, 2015: (1) The Hebrew word for "blood" has a numeric value of **44**; (2) The blood-moon occurred on **4/4** (April 4th); (3) Pres. Obama is our **44th** President, signing a covenant with the leader of Iran potentially leading to *blood* in Israel, and doing so on *the same day* on the Hebrew calendar (Nisan 13) that Haman signed the agreement with the King of Persia anciently (Iran today). It was a deal *to annihilate all Jews* in their region; (4) The Passover blood on the doorposts anciently is tied to the **4th** letter of the Hebrew alphabet *Dalet*, in connection with "*Mortality*"; And (5) Some suggest this blood-moon was the shortest of the 21st century, one calculation suggesting it was **4** minutes and **44** seconds long.

#### **2 Crossing Comets**

Another tie to **Nisan 13** and "*the Covenant of Death*" is the intersecting pathway of two comets in 1996 and 1997. They create an "X" at the star *Algol* in the head of *Medusa*, exactly one year apart on

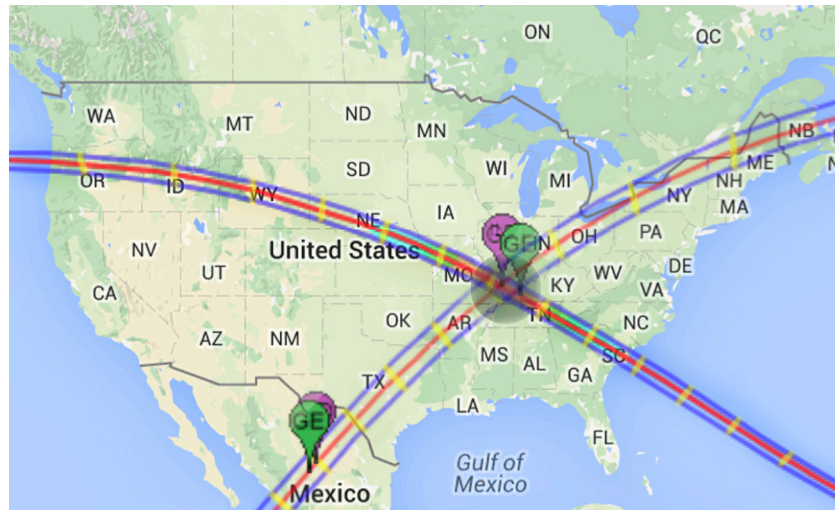

**Nisan 13** (April 11, both years). The first was Hyakutake in 1996 (red line), and then Hale-Bopp in 1997 (blue line). Their intersection occurs at the right eye of the head, named *Algol* (or *Rosh ha Satan*, Hebrew for "Satan's head"). It is in the constellation **Perseus**, a mighty prince who was the son of Zeus (a type for Christ as the Son of God). The comet's intersecting paths are exactly one year apart, creating a "bullseye" at the right eye of Satan's head. This marker

appears to suggest that he will eventually be defeated by *Perseus* or Christ, who is aided in the last-days by His son, a Isaiah's "Servant" who is sent into the vineyard. He will soon "awake and arise" into his mission.

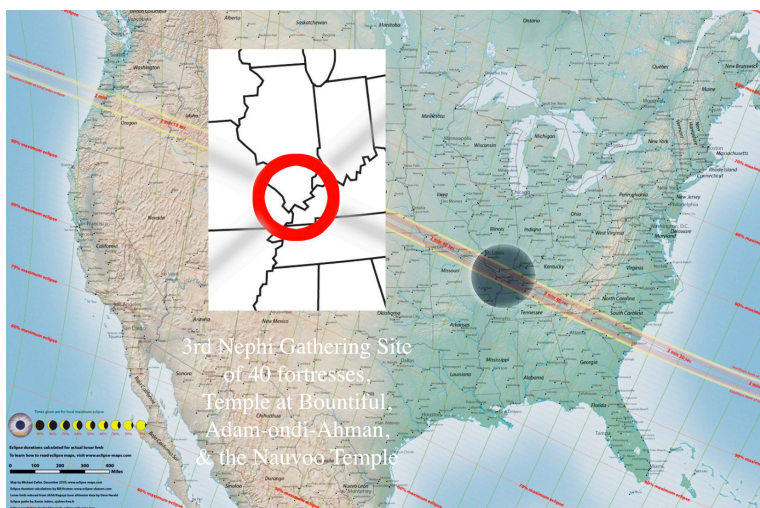

### ***Crossing Black Sun on the Covenant Land of Joseph (Manasseh and Ephraim)***

Two ominous black suns (total solar eclipses) create another X as they move across the United States. The first of these, darkening all of North America), occurs on August 21st of 2017. This is one month before Rosh Hashanah, the Holy Day tied to "judgment." It moves from the northwest to the southeast, and is a dark omen of coming judgment upon spiritual Egypt and Babylon, modern-day America. The second black sun (6.5 years later) occurs on April 4th of 2024, moving in the opposite direction, from the northeast to the southwest. The opposing black suns intersect in southern Illinois, an area not far from the land of 3 Nephi 3-6, tied to events of *judgment* there just before Christ returned to the more righteous people at the rebuilt temple of Bountiful.

The two crossing black suns create another bulls eye - balancing the defeat of Satan in the two comets addressed earlier - with the later establishment of God's kingdom in this western, Promised Land. This event appears to be tied geographically to three important settings associated with the southern Illinois area. It may be near; (1) the ancient *Garden of Eden* site, (2) the setting for the future *New Jerusalem* and its temple, and (3) the *Temple at Bountiful* where Christ came to the people of 3 Nephi in the Book of Mormon after great judgments occurred.

The area of intersection of the black suns is the setting of some 40 ancient Hopewell fortresses, potentially tied to the Nephites of 3rd Nephi, who were told to surrender themselves, their lands and possessions to Giddianhi, leader of the Gadianton (3 Ne. 2-9). The Nephite leader Lachoneus appointed Gidgiddoni as chief captain of the Nephite armies. He had all Nephites gather to the *center* of the land around Zarahemla and Bountiful (site of the temple) to defend themselves.

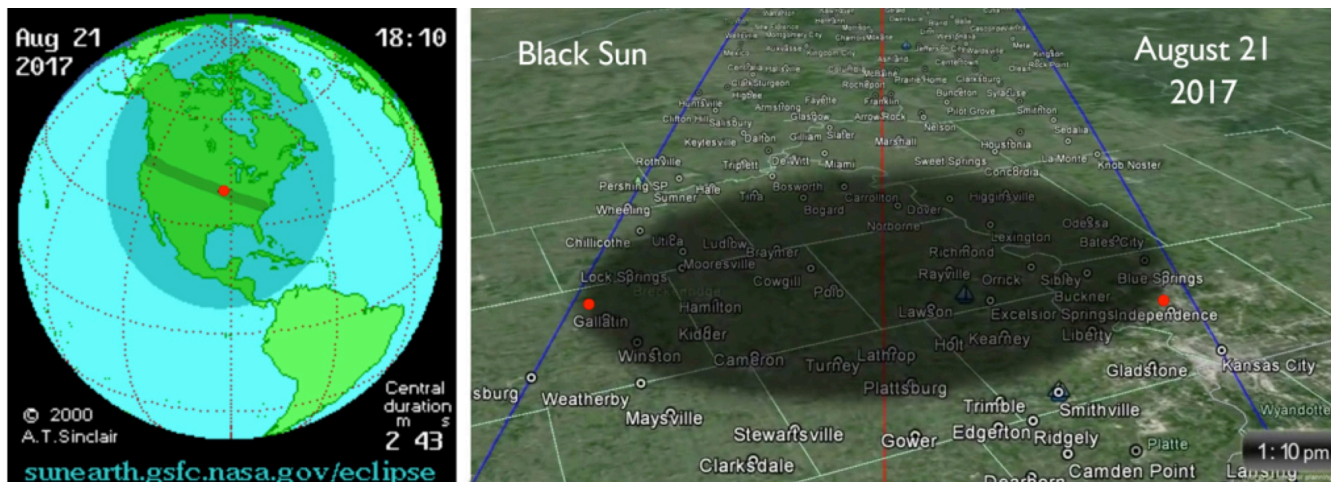

*The black sun or total solar eclipse moves across the entire U.S. on August 21st of 2017, one month prior to the appearance of John's Revelation 12 sign. The eclipse is at zenith - 1:10 pm - near Adam-ondi-Ahman. At left we see the ominous pathway on the black sun and the area where it is centered at Zenith. At right we see the positioning of the total solar eclipse of the sun by the moon, very near Regulus (the king star) in Leo the lion (the king constellation).*

They had seven years of supplies stored. Northwest of these 40 forts is the current Nauvoo Temple setting, which is not far from the setting for the ancient temple at Bountiful in 3 Nephi. It was there, after war, tribulation, and earthquakes, and the later rebuilding and re-dedication of the temple, that Christ came to His people on this the Promised Covenant Land in the fall of 34 AD (3 Ne. 10:18).

The 2017 black sun peaks near the setting of the *Garden of Eden* at the sun's **zenith** (near noon), doing so between *Independence* Missouri to the south and *Galatin* (near *Adam-ondi-Ahman*) to the north (below). The larger dark shadow of the black sun covers all of North America (including Canada) as it moves west to east. It signals *judgment* upon the United States and Canada (*Egypt* and *Cush* in Isaiah). Thirty days after this ominous dark sign is *Rosh Hashanah*, marking the appearance of John's *Revelation 12 sign* in the heavens. It appears to be tied to the potential rising up as the Davidic Servant into his important last-days mission. The Lord tells him to "*awake and arise*" in Isaiah 51:9. His helpers include the 144,000, also told to *awaken* in the next chapter.

The August 21, 2017 total solar eclipse or black sun has a shadow covering all of North America including Canada (above left). It moves from the northwest to the southeast. The red dot at left is the central area of the shadow illustrated in the image at right. The central portion of the eclipse shadow is some 70 miles across, and covers the area between Adam-ondi-Ahman north (left red dot) and Independence Missouri south (right red dot) at about 1:10 pm, when the eclipse is at Zenith there. This area is associated with New Jerusalem in the latter-days, with the Garden of Eden anciently, and with the rebuilt and rededicated Nephite Temple of Bountiful to the northwest, where Christ visited the remaining people at the temple after the great judgments upon the earth in the Book of Mormon (see 3<sup>rd</sup> Nephi). The story of the believing Nephites gathered to the center of the land for protection from the Gadianton robbers is the story of a people trusting in the Lord, a type for similar events that may occur in our day.

Is there a connection between the 2024 date, the crossing point of the two black suns, and the return of our Lord? If we move the 7 years of "*Jacob's Trouble*" (thought to start at the end of the *Sabbatical Year* of "*release*" in 2015 - and continuing through 2022), to two years further into the future, from 2017 to 24, this provides humanity 9 periods (the judgment/creation number) of *repentance* (7 x 70) or 490 years to prepare to meet God at His second coming - from the end of the last great *judgment* via water in the *flood* (around 2348 BC), to judgment in His presence return with *fire*, perhaps sometime between 2024 - 2036 AD.

**Three Witnesses for 2016** Returning to the covenant land for Judah, note that the date of Nov. 29, 2016 is the chiasitic center point of the four total solar eclipse pathways - the path of totality for each of the four eclipses (see illustration). This date marks the 69th anniversary of the UN's 1947 declaration for the establishment of Israel as a nation. Today the UN is trying to divide up covenant land against God's decree. The year 2016 is also marked by the height of the Great Pyramid, which is 5776 inches to the top of the missing capstone (the Hebrew year 5776 is 2016). In addition, the year 2016 is an important "*Jubilee Year*" of "*Restoration*" for all Israel.

At the end of this special year and the start of the next year on New Year's day - Rosh Hashanah of 2017 - is marked 70 years from the 1947, the year date for the establishment of modern Israel as a nation by the UN. In

scripture **70** years is one definition for a "generation." Rosh Hashanah of 2017 also marks **120** years from the founding date of Israel anciently, when Joshua and the Israelites crossed over the Jordan River entering the Promised Land. Rosh Hashanah of 2017 is also **100** years since the Balfour Declaration, and **50** years since the Six Days War, when the capital city of Jerusalem was recaptured.

Note also that from November 29, 1947 (the date of the UN's original Partition Plan) to November 25, 2016 is **25,200** days (the sacred cubit in scripture is **25.20** inches, see *Space-Time Correspondence* below). Note too that **70** prophetic years (of 360 days each) equals **25,200** days (or 69 solar years). *Four* more days takes us to Nov. 29, 2016, the chiasmic center point in time of the 4 black sun pathways surrounding the covenant land of Israel - and the UN signing date for the declaration to once again establish the land of Israel. If from November 25, 2016 we count backward **5,555** days we arrive at September 11 of 2001, when the hedge or wall around America was first breached in the 911 attack on the Twin Towers in New York City. Is their significance tied to the four 5's of **5555**. The number **5** is tied to Christ's "*grace*" throughout scripture, in association with *covenants* made with God. They result in *life* and *eternal life* for righteous believers. Covenant relationships are cemented with the **5** fingers of two hands in a covenant relationship. In ancient Egypt the number **5** was supremely important. The Washington Monument in Washington D.C. is based on the Egyptian obelisk. It is **555.5** feet high (or **6,660** inches tall). This monument is 5,133 nautical miles from where the ancient temples in Jerusalem were positioned (**666** x **77** = 5133). The Washington Monument has ties to the modern idolatry of this land, a land whose ways today encourage us to depart from God.

Jonathan Cahn reminded us that George Washington and other "fathers" of our nation made a covenant with God at a small church near ground zero of the 911 attack in New York City (the capital of the nation at that time). That church is very close to where the attack on the World Trade Center occurred. New York City is also the meeting place of the UN (United Nations) and the original declaration for Israel to be created in 1947. Few realize that New York City and America in general have become the center of modern Egypt and Babylon in the last-days, exporting our materialism, idolatry, and immorality throughout the world. The landmarks of the Statue of Liberty and the Washington Monument are signposts for this idolatry, one at the harbor of world trade, the other at the center of governance and war. God's hedge or wall of protection for our nation was breached in 2001 with the 911 Attack, a warning that we are in need of repentance. A second wall was entirely removed on June 26th of 2015, when the Supreme Court of our land redefined God's most basic covenant, that of marriage between a man and woman. Marriage was one of the first ordinances on earth, conducted by God Himself in the Garden of Eden for Adam and Eve. It was instituted before they left the Garden and before they participated in other ordinances, like sacrifice. Judgment is now set upon this once great nation. We have been weighed and measured and found wanting.

### Space-Time Correspondences as Prophecy

In addition to these heaven-sent witnesses of note, there are also a number of notable correspondences between sacred *space* and sacred *time* providing us *light*. David Flynn in his book *Temple at the Center of Time* has documented many of these. Some of his light is tied to *prophecy* for our day, helping us to see the great majesty of God in these and other details, and our need to return to Him and repent. Sir Isaac Newton and Albert Einstein, two of the world's greatest scientists, studied the relationship of *space*, *time*, and *light*. Newton was a believing, dedicated Christian who wrote extensively about the last-days. Two-thirds of his research and writing were of a deeply religious nature. He used his expertise in sacred Biblical *measure* (numbers tied to *space*) as a type of last-days prophecy - in connection with *time*. He used the *spatial* measure of sacred architecture (in Solomon's Temple and the Great Pyramid, for example) to suggest future dates in *time* of significance. Newton took the phrases in Daniel's interpretation of God's "*writing on the wall*" to king Belshazzar (Daniel 5) and converted them to measures. The result was *the sacred cubit*, which is **25.20** inches, the *measure* of God's arm, from the elbow to the tip of the middle finger, plus a hands-breadth (see Ezek. 40:5). This number provided an important *creation* "*key*" that opened much understanding for him. God's voice and arm are used for both *creation* and *judgment* (destruction).

King Balshazzar of Babylon was *judged* in God's balances in the Daniel 5 story. He was *weighed*, *measured*,

and found *wanting*. He was killed that night by a foreign invading army, his kingdom taken from him. The Israelites were then held captive in Babylon for **70** years, eventually freed by Cyrus. Thereafter the Israelites returned to their covenant land, building another temple, that of Zerubbabel.

### Additional Related Prophetic Numbers

There is **40** days from the total solar eclipse of Aug. 21 of 2017 to the Day of Atonement in 2017 (Sept. 30), thought to be judgment day - "*the day of the Lord*" for America and the world. It may begin Daniel's 70th *week of years*, the **7** years of great *tribulation* addressed in the important prophetic books of Daniel, Isaiah, and Revelation. Seven prophetic years in scripture is **2520** days. Daniel's 70th week (of years) are the **2520** days prior to Christ's return. Many believe this **7** year period begins with judgment on Bablyon (the United States) as marked by the sacrificial blood of the Day of Atonement. This special day occurs on Sept. 30 of 2017.

These **40** days are tied to the need for *repentance* - those prior to "the day of the Lord" - His judgment. This **40**-day repentance period was called "*Teshuvah*" in ancient Israel. When we look up to view where this important last-days eclipse occurs, we see that it is right at *Regulus* (the b right *king star*) in the right shoulder of Leo the lion (the *king constellation*), signifying that it is the judgment decreed by Christ as the King of kings.

Working backwards **700** days from the start day of the **40**-day repentance period known as *Teshuvah* (Elul 1) in 2017, we arrive at the Holy Day known as *the Day of Atonement* in 2015 - the day of blood. Note that there is **2520** days from the Day of Atonement in 2015 (Yom Kippur) to June 7, 1967 when Israel won back the Temple Mount and the capital city Jerusalem in the Six Days War. This is also **49** prophetic years (each 360 days).

"And there appeared a great sign in heaven; a woman clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars. And the woman being with child, cried, travailing in birth, and pained to be delivered. And she brought forth a man child, who was to rule all nations with a rod of iron; and her child was caught up unto God and his throne. And there appeared another sign in heaven; and behold, a great red dragon...And the dragon stood before the woman which was delivered, ready to devour her child after it was born" (JST Rev. 12:1-3).

At Rosh Hashanah (the fall equinox, Sept. 21st) of 2017 (the civil New Year's Day), there is a **10**-day countdown to the Day of Atonement. Two days after Rosh Hashanah (Sept. 23), John's important Revelation 12 sign appears in the heavens. John's last-days configuration of the sun, the moon, and 12 "stars" in association with the constellation Virgo is an important birth marker (see <https://www.youtube.com/watch?v=XXxVwpcXV0U>). It marks the coming forth of an important "man child" who will help deliver the righteous from great trouble in the last-days. He also helps deliver the "woman", meaning he helps establish *the kingdom of God* in the last-days.

Too many mistake this event as the return of Christ. He comes later, after the earth is first cleansed. This author believes the "man child" of John's Revelation is Isaiah's Davidic Servant. He prepares the way before our Lord, doing so in the pattern of other deliverers in scripture, like David, Moses, Joshua, Cyrus, Hezekiah, and Joseph of Egypt. Only those who have diligently searched Isaiah are familiar with the concept of the last-days Servant. Joseph Smith may have identified him and his three-part mission (1. to serve as the Lord's "Elias", 2. to "gather all Israel," and 3. to "restore all things", see D&C 77:9 & 14). John's Revelation 12 birth sign thus marks the coming forth of two things; (1) the rising up of the Lord's Servant (prior to His return), and (2) the establishment of the kingdom of God in the last-days.

Note that Sept. 23 of 2017 (two days after Rosh Hashanah) comes **1,260** days after the first blood-moon of the 2014-15 Tetrad, the one on April 15 of 2014. This **1260** day period is also known in scripture as **3.5 years**, **42 months**, and "**time, times, and a half of time**". This period of time is half of **7** prophetic years of 360 days each or **2520** total days, and is symbolically associated with *hope* in "*the limitation of Satan's power.*" Our Lord and His last-days Servant limit his power, eventually defeating him. Few study Isaiah, thus they are not aware of him or his mission as part of God's overall plan to redeem Israel east and west.

On November 13, 2017, Jupiter (the King planet) emerges from the body of Virgo (the virgin constellation), having been within her in retrograde motion for 294 days or about **42 weeks** (a human gestation period). After emergence from her, Jupiter is joins Venus in conjunction. This is **444** days after their previous conjunction on August 27, 2016, one marking Jupiter's entry into Virgo. If November 13, 2017 marks the beginning of a significant spiritual return for all Israel, then 6 days later (Nov. 19) may mark the specific beginning of Daniel's **70th week**, accomplished by counting **2,520** ( $7 \times 360$ ) days back from the Day of Atonement in **2024**. Jesus warned Israel of the Antichrist by identifying the time of *the Abomination of Desolation* that will occur in the middle of Daniel's **70th Week**. Sixty days prior to the start of the **2,520-day period** (**7 years**) we may see the fulfillment of Psalm 83 and Ezekiel 38-39, the time God rescues Israel from a terrible war there.

Note the following two scriptures relative to John's Revelation 12 sign (above):

"And there appeared a great sign in heaven, in the likeness of things on the earth; a woman [Virgo] clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars [the 9 stars of Leo and the 3 planets aligned beneath them]. And the woman being with child, cried, travailing in birth, and pained to be delivered. And she brought forth a man child, who was to rule all nations with a rod of iron; and her child was caught up unto God and his throne. And there appeared another sign in heaven; and behold, a great red dragon, having seven heads and ten horns, and seven crowns upon his heads. And his tail drew the third part of the stars of heaven, and did cast them to the earth. And the dragon stood before the woman which was delivered, ready to devour her child after it was born. And the woman fled into the wilderness, where she had a place prepared of God, that they should feed her there a thousand two hundred and threescore years" (JST Rev. 12:1-5).

The Prophet Micah appears to tie this sign to the Servant spoken of in Isaiah and other scriptures. He prepares the way before the Master. He sates:

"But you *Bethlehem* Ephrathah, though you are small among the clans of Judah, out of you will come **one** for me [future tense, Christ], one who will be **ruler over Israel**, whose origins are from of old from ancient times. Therefore **he** will abandon them *until the time when she who is in labor gives birth* and the rest of **his** brothers return to join the children of Israel [Revelation 12]. And **he** [the last-days Servant] will stand and lead his flock in the strength of the Lord, in the majesty of the name of the Lord his God. And they will live securely for then **his** greatness will reach to the ends of the earth. And **he** will be their peace. When the Assyrian invades our land and marches through our fortresses, we will raise against **him** seven shepherds, even *eight leaders of men*. **They** will crush the land of Assyria with the sword, the land of Nimrod with drawn sword. **He** [the Servant, with Christ's help] will deliver us from the Assyrian when he invades our land and marches into our borders" (Micah 5:2-6, Robert Smith re-translation).

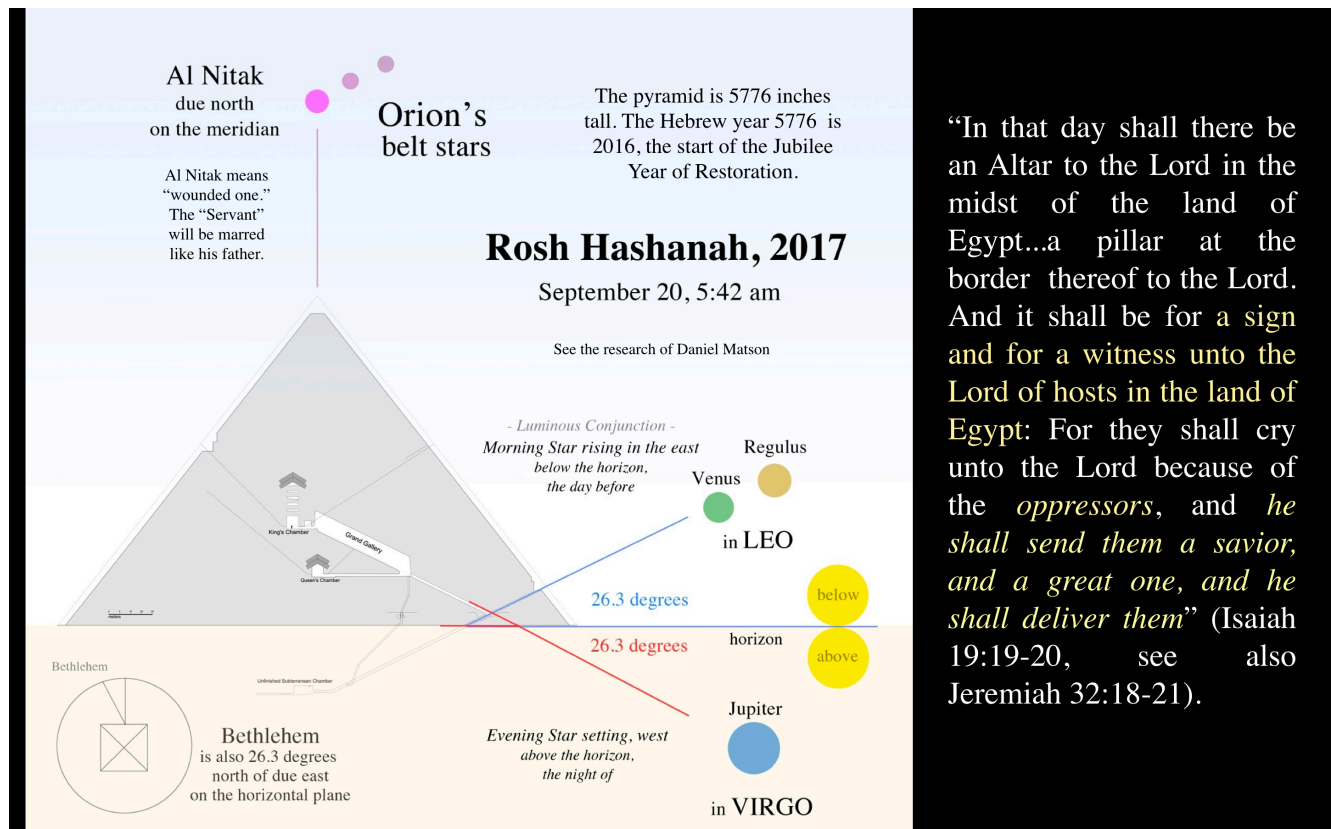

*Explanation* Like most scriptures dealing with the last-days *Davidic* Servant, most assume this servant is the Savior, here because Christ was born in Bethlehem. The Savior grew up in Nazareth, however. He is called Jesus of Nazareth repeatedly in scripture, and never referred to as coming from Bethlehem, a city reserved for *David* and others of *the royal patriarchal line of David*. This is what is meant by his "origins are from of old from ancient times" - Bethlehem. The woman in labor (the church or Kingdom of God in the last days) gives birth to "man-child" - the last-days Servant (JST Revelation 12:1-5). The great dragon (Satan and his followers) is waiting to kill him when he appears. The coming *tribulation* is the labor of the woman – thought to be the invasion of this land and others by the king of Assyria, who invades from the north. At the end of the tribulation period the Davidic Servant will arise and deliver the captives of Israel, destroying the king of Assyria in a last-days re-enactment of David and Goliath. He and the seven "shepherds" will then become a threshing sledge and they, along with the "young lions" of 3 Nephi 21:12-13, will thresh out the Lord's harvest, destroying the nations who fight against Zion. This is the "consumption" decreed by the Lord upon them in Isaiah 10:16-19.

Most Christians who aware of the Revelation 12 birth sign in 2017 believe it is a marker for Christ's return. This author believes instead that he is the "*man child*" of Revelation 12, a translated "*man*," rising up as the Lord's last-days Servant. He is led by Christ, preparing the way before the Master returns to a cleansed, terrestrial earth (see D&C 77:9&14 and the author's book, *Awake and Arise*).

*Final Note* On an historic day tied to judgment in ancient Israel - th 9th of Av in 2024 (the day Solomon's Temple and Herod's Temple were both destroyed), Jupiter will be in conjunction with Mars, both positioned in-between the horns of Taurus (the great bull constellation). The Hebrew name for Taurus is *Shur*, meaning both "coming" and "ruling." This appears to be a better, later marker for the coming Judge and King of kings Jesus Christ. He will return with His *congregation* of chosen ones, those of the church of the Firstborn. Taurus has within it, the constellation of 7 stars known as "the Pleiades" (the congregation of governing ones in the shoulder of Taurus). Note also that in Hebrew Mars or *Ma'adim* means *the "Adam, the Red One"* or *"the Son of Man."* This day may mark 60 more days in the Tribulation (of 2520 total days, or 7 years of 360 prophetic days each). After this we may see stars falling from the sky and the moon and sun being darkened by the effects of worldwide war, pollutions, and natural disasters, the signs of Matthew 24.

"Immediately after the tribulation of those days shall the sun be darkened, and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken: And then shall appear the sign of the Son of Man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of Man coming in the clouds of heaven with power and great glory" (Matthew 24: 29-30).

The question is, which of at least four scriptural "visitations" by our Lord, is this one addressed previously? Is it (1) His private appearance at Adam-ondi-Ahman, (2) the one at the New Jerusalem Temple, (3) another in old Jerusalem where He sets foot on the Mount of Olives, or (4) the one where He comes in clouds of Glory, taking the righteous with Him, before the earth is burned by consuming fire? Some believe there are 7 years separating each of these four appearances, the first around 2017, the last around 2036.

*Geometry at the Great Pyramid serves as a second witness for the Rosh Hashanah "birth" or "rising up" date in 2017. This includes the alignment of the apex of the structure on this date with the Al Nitak (meaning "the wounded one") in the Constellation Orion (meaning "the hunter"), and with select heavenly bodies with the ascending and descending passageways of the structure, all on this date.*

### Other Celestial Signs tied to 2017 and their Supportive Numbers

There are **360** days (1 prophetic year) from a very close conjunction of Jupiter and Venus (.06 degrees apart) on Aug. 27 of **2016** to the important total solar eclipse (at Regulus in Leo) moving across the entire U.S. on August 21st of 2017.

There are **666** days from the Oct. 25 conjunction of Jupiter and Venus (.3 degrees apart) to this same total solar eclipse (at Regulus in Leo). Since the rebirth of Israel in 1948, no other total solar eclipse occurs next to Regulus (right shoulder star of the King). Anciently it kicked off a *Season of Repentance* known as *Teshuvah*, prior to "the Day of the Lord."

There are **700** days from the Oct. 25 Jupiter-Venus conjunction date (.3 degrees apart) to August 23 of 2017, the day John's Revelation 12 sign appears in the heavens (with a strong second witness of four significant alignments in the Great Pyramid for this date).

There is **777** days from a grouping of Mercury and Jupiter near Regulus in Leo on August 7th of the 2015 to Rosh Hashanah (Sept. 21) of 2017. Note that it was also **777** days from the end of the Lebanon War of 2006 (Aug. 14, 2006) until the Stock Market drop of **777** points on September 29, 2008—just prior to the Feast of Trumpets.

Note that **40** prophetic years of **360** days each equals **14,400** days.

From the July 1st conjunction of Jupiter and Venus in Leo in 2015 (less than 1 degree apart) to Rosh Hashanah of 2017 is 814 days. This is equal to 7 solar years divided by Pi (or 814). A total of 7 solar years equals 2,556 days (versus 2520 prophetic years). For more on numbers and measures and in connection with prophecy, see Lost Wisdom, Val Brinkerhoff, [www.digitalegend.com](http://www.digitalegend.com), Temple at the Center of Time, The David Flynn Collection, Defender, and [www.watchfortheday.org](http://www.watchfortheday.org) Daniel Matson

### End Notes

---

<sup>1</sup>**Pres. Obama's Pro-Islam Stance** Candidate Barak Hussein Obama claimed Christianity as his faith during the 2008 election. His actions since then do not support this. In Isaiah's day, ancient Egypt (descending America today) had a non-native, black Pharaoh ruling their land., oppressing Jews. It is no different today. Videotaped statements by Pres. Obama reveal he claims Islam as his faith. It is his background (see <https://www.youtube.com/watch?v=-tKMIRxnRN4>). He has been in a position to help, hurt, or ignore Israel in attacks on them by surrounding Islamic nations and extremists. Note the events below tied to his anti-Jew and Christian, pro-Islamic stance.

1. His **first** interview as President was granted to Al Arabia, a Saudi network, not an American news network.
2. On April 1<sup>st</sup> of 2009, President Barak Hussein Obama **bowed** to king Abdullah of Saudi Arabia. He did not bow to Queen Elizabeth on a visit to her in England.
3. On April 6<sup>th</sup> of 2009, President Obama declared to the world that the United States was **no longer a Christian nation**.
4. Three days later on June 4<sup>th</sup>, Pres. Obama spoke at Cairo University to Islamic extremists around the world, and specifically to *the Muslim Brotherhood* carefully positioned on the front row of an Egyptian auditorium. He was introduced using his rarely invoked middle name "*Hussein*." He then quoted what he repeatedly calls "*the holy Qur'an*," stating, "**America has a common cause with Islam...and will never be at war with the faith.**" See #9.
5. Pres. Obama eliminated the Christian "*day of prayer*" at the Whitehouse. He later celebrated *the Islamic holy day Ramadan* at the Whitehouse, calling special attention to two new members of Congress of the Islamic faith.
6. Pres. Obama had *the Christian cross* and the Latin *HIS symbol for Christ covered* over on the stage he spoke on for his speech at Gaston Hall at Georgetown University.
7. Members of his family are Muslim. He grew up in three Muslim countries. He stated, "**I have known Islam on three continents.**" He attended a Muslim school in Indonesia where his nationality is written on records there as "Indonesian" and his faith as "Islam." He stated that living in those three countries "**guides my convictions.**"
8. He praises Islam publically and regularly quotes what he calls "*the holy Qur'an*," doing so using very good Arabic. On one occasion he stated, "**I will stand with the Muslim world should the political winds shift in an ugly direction.**"
9. He has given American tax dollars to openly anti-Israel leaders, including 1.8 billion dollars to *Mohammed Morsi* of Egypt (now deposed) and *the Islamic Brotherhood*. Not long ago 440 million dollars was budgeted for the HAMAS-led Palestinian Authority at war with Israel in July 2014. Israel has also received much aid from the U.S., as do others.
10. He has been photographed dressed in traditional Muslim garb.
11. Charles Bolden, top Administrator at NASA was told by Pres. Obama *to make his first priority "Muslim outreach."*
12. Pres. Obama supported *the building of a Mosque at Ground Zero* of the 911 attacks in New York City. He made this announcement at the first *Ramadan* dinner at the Whitehouse.
13. Pres. Obama saw to it that the burial at sea of Osama bin Laden was according to Islamic tradition, a 45-min funeral.
14. Golf buddy and head of Comcast Brian Roberts broadcasts *Al Jazeera* but will not carry conservative shows like Glen Beck's *The Blaze*. Comcast and Time Warner have merged into a huge controlling media "beast."
15. Pres. Obama released *five senior Muslim terrorists* in trade for a single U.S. *deserter* convicted by the U.S. Military.
16. Pres. Obama **signed a nuclear deal with the terrorist nation of Iran** - the "*deal with death*," doing so **on the very day** (*Nisan 13*, our April 2) when evil Haman (ancient Persian Regent for the King) *signed a deal to eliminate the Jews anciently*. This modern terrorist nation has openly stated that they desire the destruction of Israel. Days later Russia made an agreement to deliver anti-missile technology to Iran. It was Esther who led a three-day fast with all Israel to help deliver her people from the evil designs of Haman. Israel's deliverance anciently is now celebrated as Purim.
17. On the night of the Supreme Court decision (June 26, 2015) redefining marriage and forcing all 50 states to perform them for gay couples, he had the Whitehouse lit up in the six colors of the gay pride rainbow. A total of 19 U.S. landmarks also did this. Just after he took office in 2009, he proclaimed June 1, "Lesbian, Gay, Bi-sexual and Transgender Pride month." June 1st was the 40<sup>th</sup> anniversary of the Stonewall Inn riots, marking the beginning of LGBT activism in the U.S.
