

The Reality of the 2015 Shemitah: What is Next?

October 21, 2015 / Val Brinkerhoff

The *expected* collapse at the precise end of the 2015 *Shemitah* or “the *Sabbatical Year of Release*” did not happen. What are we to make of it? Hereafter, the condensed words of two Jewish authors are provided. They address it well. I have added my comments to theirs in brackets []. Their words are found on the internet @ <http://coercioncode.com/2015/09/19/what-happened-to-the-shemitah/> It is entitled, “**The Shemitah DID NOT Happen As Expected...Why?**” *By Israel Ben Barzle And Yehoshua Ben Barzle.*

They state, “As a nation we have gone way more debt crazy than ever. We did not release our debt at the end of the seven year cycle; we did not correct our deficits; we did not reign in our budgets; we did not pay off our creditors. As far as the Shemitah is concerned, we operated exactly like the Kingdom of Judah [in scripture]. We did not heed the warnings, nor the corrections [of God]. The Creator did not “correct” it for us this Shemitah....

Understand, the Creator has not JUDGED us in the past seven-year cycles because He has CORRECTED it mathematically for us without us even really understanding what He was doing. The past Shemitah economic hits were mercy hits. They cleared our slate to an extent and balanced the scales enough to allow us to keep going. Now, we stand with no real meaningful mathematical correction as this Shemitah has concluded, **and now we can be JUDGED**. A massive debt is still owed. The debt has not been cleared. It has not even truly been balanced out as it was at the end of prior Shemitahs. We are today guilty as a corporate people.

Eventually, when it was clear that the Kingdom of Judah would not heed the warnings nor the consequences, the Creator had the Kingdom of Judah “**judged with completion**”, and this is exactly what we see in the Book of Jeremiah [chapter 34]. We historically see the ultimate judgment of Jerusalem by **a complete land desolation**; and all the powers that be in the royal house of Judah and any in leadership were **killed or put into permanent slavery**—*just like what they were perpetrating against those who were supposed to be released*. You see, what this means is we have gone from a “**corrective**” phase to an *ultimate* “**judgment**” phase. And judgment will take its final course just like it did with the ancient Kingdom of Judah [in Jeremiah 34].

To put this into real-world terms, in the Creator’s eyes, China, Russia, and many other enemies of America **have a legal claim over us** because of outstanding debt we owe and *have not paid at the Shemitah’s end*. [They also have moral superiority over us. The Russian equivalent to our Congress, for example, voted 436 to 0 in 2013 to NOT allow for gay rights in their land. Our leaders and our Supreme Court have done the opposite, forcing a new morality down our throats.] America has lived an extravagant lifestyle it could not afford. America issued various debt instruments to continue to live this extravagant lifestyle; and then **created fiat money** out of thin air to cover that debt—in essence, more debt to cover more debt. Out of pure lunacy, America has borrowed this ever growing debt in large part from its enemies just to keep their greed driven “good life” going at all costs. *America does not pay off this legitimate debt with just payment for goods and services received; nor can it mathematically pay off this monolithic debt; nor does it ever intend to rightly pay off this debt in any real way.*

America and its criminal bankers in the West, on the other hand, **have continually exacted payment** from the masses. Whether from another country being bullied into debt submission (like Greece), or down to the family being thrown to the streets for late payment, **the western banking industry and its political establishment has two sets of rules—one for itself, and another for everyone else**. *It absolutely demands to be paid what it is owed, on time and with interest; and yet, at the same time, America and its western elite continue to pile on debt it can never repay.*

Please, please understand—this will not stand with the Creator. **He is a G-d of Justice**. [In the important book of Isaiah in which we have been commanded to “diligently search” in 3 Ne. 23:1-3, Isaiah states that we are guilty of three great sins; (1) *idolatry*, (2) *injustice to one another*, and (3) *breaking covenants with God*.] The Creator has rules. The rules have been disregarded. The Creator has warned. The warnings have been disregarded. The Creator has shown mercy. The mercy given has been mocked. The Creator will now intervene in ways much more catastrophic than any mere economic correction. The Prophet Habakkuk talks about just

such an occasion. The prophet in the original Hebrew language clearly outlines a national entity in the End Times that operates EXACTLY as America has operated. Here is what the Prophet Habakkuk has to say...

*“Yea also, because he transgresseth by wine, he is a proud man, neither keepeth at home, who enlargeth his desire as hell, and is as death, and cannot be satisfied, but gathereth unto him all nations, and heapeth unto him all people: Shall not all these take up a parable against him, and a taunting proverb against him, and say, **Woe to him that increaseth that which is not his!** how long? and to him that ladeth himself with thick clay (means incredible debt load in the Hebrew)! [The word “woe” in scripture indicates a **“cursing.”**] Shall **they** not rise up suddenly that **shall bite thee**, and awake that **shall vex thee**, and thou shalt be for **booties** unto them? **Because thou hast spoiled many nations, all the remnant of the people shall spoil thee**; because of men’s blood, and for the violence of the land, of the city, and of all that dwell therein” (Habakkuk 2:5-8).*

[In Isaiah 19 we read of drought, famine, civil war and invasion by foreign powers – *in that order*. Water sustains life and is very often the first thing the Lord takes away to humble people in scripture. It has begun in the American Southwest, the worst in 1200 years, according to one expert hydrologist in 2015.]

What this clearly states in this passage, especially when read in the ancient Hebrew, is that there is an End-time nation spoken of that has a massive amount of debt that they have used to live an extravagant lifestyle way beyond their means. **This particular nation in the Last Days has defrauded other nations using an international debt scheme in order to keep underwriting its insatiable desire for more. These nations who have been defrauded will rise up in war and take booty as financial compensation for what they are owed.** It will be violent. All the inhabitants of this perpetrating nation will feel the impact firsthand. Most will die. And, dear reader, *this is EXACTLY what happened to the Kingdom of Judah*. They received their warnings, their times of intervened **correction**, their mercy—but they did not heed it—and their fate was an unspeakable **judgment**. They were beset by war, a deadly siege of their homeland, and a famine so bad they ate their own children. America, the Creator has spoken, or more accurately stated, has not spoken this Elul 29, 2015. *He did not intervene on your behalf this Shemitah*. America, your fate is now sealed. For those of us reading this please understand it is time to get your house in order once and for all. A war is coming. America will be invaded by its creditors—China, Russia, and others. This is the inescapable biblical scenario... And **America will fall**.

[**HOPE** Fortunately, in verses 19-22 of Isaiah 19, we read of a last-days *deliverer* sent to the righteous because of their cries or prayers. God in his mercy has always sent deliverers, like Moses, Joshua, Joseph, Samson, Esther, etc. Isaiah has some 50 different names for this last-days *deliverer* or “*Servant*.” In chapter 19 he calls him a “*savior*” and a “*great one*.” He is not THE Savior or MESSIAH – Yeshua, however (v. 20). Instead, His sent *Servant* prepares the way before Him as His “*Elias*.” His three-part mission is found in D&C 77:9&14. Our Lord comes later. Rabbi’s believe their Messiah will come in a *Jubilee Year* – which is 2016. It ends at the New Year or Rosh Hashanah. The year 2017 is then born. The timing for our economic collapse and the potential invasion of our land, *and* the later rising up of this future *deliverer* – a messiah - may be marked by what Isaiah identifies as a “*sign*” and “*witness*,” an “*altar*” and “*pillar*” located in the “*midst of Egypt*.” The design of this enduring stone witness provides us two dates – 2016 in its height and Rosh Hashanah of 2017 in its various heavenly alignments. It is the Great Pyramid.

The repeating 13-part iconography on the back of our one-dollar bill portrays the future millennial reign of Christ – in a new **just** and peaceful kingdom. He is the fifth, central, highest capstone seen of the 13-tiered pyramid at left – with all seeing-eye in it – “*the stone the builders rejected*” - His own people. He will become the “*headstone of the corner*,” Psalm 118:22. At right is the 13-part heraldry of *Manasseh* – the 13th Tribe of Israel through Joseph. It is the bloodline of Lehi of the Book of Mormon. “*The Remnant*” are his offspring. A portion of them, “*the strong arm of Jehovah*,” will rise up to judge the wicked of this land along with foreign nations. This is explained in 3 Nephi 20:13-26 and 21:12-16. “*The Lord of Hosts*” may provide the final cleansing judgment on this land and the earth, doing so via heavenly bodies - *the mythical gods* of the ancient world. They appear to be the focus of Joseph Smith’s “**grand sign of the coming of the Son of Man**,” a planet or comet, revealed in John’s book of Revelation, along with the “star” he calls “wormwood,” potentially leading to the return of the planetary alignment present at the Creation, all causing massive earthquakes, lightnings, etc.]
