Appendix B: Symbolic Terms and their Probable Meaning in Isaiah (and other prophetic books)

from the book **Awake & Arise:** Coming Tribulation and Judgment with a Mighty and Strong One to Deliver the Last-days according to Isaiah

Note: Many of the code names at left, their potential meaning at right, are from Robert J. Smith's books, the majority coming from Scriptures of the Last Days, 1993. The code words come primarily from Isaiah, but many are found in other prophetic books of the Bible as well, and are supported by scripture generally. Some symbols in groups of three, like stones, trees or metals (bronze, silver, gold) appear to designate telestial, terrestrial and celestial people, for example.
